

ACTION ALERT

*no nukes
in our cukes*

IRRADIATED FOODS: The FDA is asking whether irradiation labeling should be less conspicuously displayed on product packaging. Currently, the FDA requires that irradiated food include a prominently displayed statement and logo about irradiation.

LET YOUR VOICE BE HEARD! Check the boxes below then drop this form off at any store by May 13 and we'll mail it for you.

check here ☒ **I believe irradiated food should be labeled loud & clear.** *Please see my name*
